A. COIN SPECIFICATION

C-148009 Otero County Sheriff Spartan Helmet Coin:

Coin Details: 3.5mm Thick Die Struck Brass Coin. One and three quarter Inch (1.75") in size from top to bottom and 1.04" Inch Across, 3.5mm thick Die Struck Brass Coins. Stamped in the shape of a Spartan Helmet, with 6 Enamel Colors and features raised and recessed metal areas.

Construction: Coins are die-struck 3.5mm thick brass with copper electroplating. 6 hand-filled, fired and polished enamel colors with screen print text details on the badge and patch emblem. Recessed areas will be lower than the color filled portions of the design.

Packaging Option: Coins will be packed and shipped in SymbolArts clear vinyl coin pouches during manufacturing to ensure the finish is pristine upon arrival.

Attachment Options: No Special Attachment option has been requested on the design.

Finish: The Copper-Finish depicted is full copper electro plating on a brass base. All coins undergo a lengthy plating polishing process to achieve the highest brilliance and shine on all applicable finish options.

Additional Design Information:

Mold Information: Custom coin molds are saved and maintained for a period of three years after the most recent use. Repeat order that occur during the three year period(S) will not be subject to a second mold charge unless design changes are requested by the customer. When applicable, mold charges are a one-time fee which covers the design and size depicted in C-148009.
